
Post Oak Savannah Groundwater Conservation District

NOTICE OF MEETING

District Stakeholder Meeting for producers of groundwater, and those who have a right to produce groundwater in Milam and Burleson Counties

September 3, 2008 – 10:00 a.m.

Milano Community and Civic Center

120 West Ave. E

Milano, Texas

AGENDA

Owners of property in Milam and Burleson Counties, which comprise the Post Oak Savannah Groundwater Conservation District, who produce groundwater or have the right to produce groundwater are advised that the District will hold a District Stakeholder Meeting on September 3, 2008, at 10:00 a.m., at the Milano Community and Civic Center located at 120 West Avenue E in Milano, Texas. The Milano Community and Civic Center is located approximately 3 blocks east of the Post Office in downtown Milano.

The Post Oak Savannah Groundwater Conservation District (District) is located in the central part of the area designated by the Texas Water Development Board as Groundwater Management Area 12 (GMA 12). As the resources of groundwater in the area are shared among ten counties in this area of the state, the District, along with the four other groundwater conservation districts (GCDs) that comprise GMA 12 are charged by State law to jointly adopt Desired Future Conditions (DFCs) for the aquifers in this area.

The purpose of the meeting is to: 1) explain how the DFC process will affect the management of groundwater resources and the permitting of wells in District; 2) provide interim results of predicted changes in water levels in the District; and 3) introduce a process whereby the District may receive comments on setting DFCs from stakeholders.

Please note that there is also a GMA 12 meeting scheduled for August 28, 2008 at the same location in Milano, Texas at 10:00 a.m. and that this meeting is also open to the public.

The topics to be discussed or considered are as listed below. Items may or may not be taken in the same order as shown on this meeting notice.

1. Call to Order
2. Public Comment
3. Explanation of Groundwater Management Area and Desired Future Conditions process
4. Request for Stakeholder input to the District
5. Discussion of projected future conditions of aquifers in the District
6. Adjourn Stakeholder Meeting

Signed this 19th day of August, 2008.

Elaine Gerren, Administrative Assistant

The Post Oak Savannah Groundwater Conservation District is committed to compliance with the Americans with Disabilities Act (ADA). Reasonable accommodations and equal opportunity for effective communications will be provided upon request. Please contact the District office at 512-455-9900 at least 24 hours in advance if accommodation is needed.

¹ During the meeting, the Board reserves the right to go into executive session for any of the following purposes: real estate, litigation, or personnel matters under V.T.C.A., Government Code Sections 551.072, 551.071, and 551.074, respectively, or for any item on the above agenda for which an executive session is permitted by law.

¹ Public comments will be limited to three (3) minutes from each individual desiring to speak. The public comment period will be limited to one hour. Board members are prohibited by law from discussing matters presented under this item, except for placement on a future agenda.
