RE: City of Caldwell

Extension Request – 2024 Post Oak Savannah Groundwater Conservation Grant (AMI Project)

Mr. Westbrook,

The City of Caldwell is requesting a six-month extension to complete the 2024 Post Oak Savannah Groundwater Conservation Grant – AMI Project. At this time, approximately \$270,000.00 in grant funds remain.

The project is moving forward as planned. All residential meters have been installed, and commercial meter installations are currently in progress. However, we don't expect to have everything completed within the current timeline. An extension would give us the time needed to finish the remaining work and make sure all project goals and requirements are met.

Thank you for your consideration. Please feel free to reach out if you have any questions or need any additional information.

Sincerely,

Camden White

City Administrator
